

New Approaches to *Metabolomics Research*

*A symposium hosted by the ICTR Translational Research
Community for Drugs, Biologics, Vaccines and Devices*

Fri, June 2, 2017
9:30 AM – 12:30 PM EDT

Tilghman Auditorium
Miller Research Building
733 North Broadway
Baltimore, MD 21205

Keynotes

Charles Burant, MD, PhD, Dr. Robert C. and Veronica
Atkins Professor of Metabolism; Professor of Internal
Medicine, and Molecular & Integrative Physiology,
University of Michigan

Gary Siuzdak, PhD, Professor of Chemistry, Molecular
and Computational Biology; Senior Director of Center for
Metabolomics and Mass Spectrometry, Scripps Research
Institute

Event Details

*9:00am-9:30am – Check-in & Coffee
Service*

9:30am-12:30pm – Program

*12:30pm-1:00pm – Meet with core
leaders; Boxed lunch provided*
