National Public Opinion Survey

Clinical Trials: Survey Data of Minority Populations

The nationwide **Clinical Trials** survey of adults was conducted online in July 2017 by Zogby Analytics for Research!America. Sample sizes and theoretical sampling errors are as follows:

- African-American: sample size, 406; margin of error, +/-4.9%
- Asian: sample size, 304; margin of error, +/- 5.6%
- Hispanic: sample size, 406; margin of error, +/- 4.9%
- Non-Hispanic White: sample size, 638; margin of error, +/- 3.1%

*Due to rounding, the total may not add to 100 on some slides.
