

### **COVID-19 Study Information Sheet for Employees**

This form serves as an information sheet for potential participants and will be posted on the ICTR's website dedicated to COVID-19 related research opportunities for JHU/JHHS employees.

---

**Title:** A proactive risk assessment to identify barriers to and strategies for appropriate social distancing among healthcare workers during the COVID-19 pandemic: Interviews.

**PI:** Sara C. Keller, MD, MPH, MSHP      **IRB#:** IRB00251728

**Sponsor**

CDC

**Description**

This is a research study aimed at identifying how to best practice physical/social distancing in the healthcare setting by interviewing healthcare workers on their social distancing practices in the workplace.

**Who Are the Participants in the Trial?**

Healthcare workers over 18 years of age who work in Nelson 3 at JHH.

**Are There Any Interventions?**

No, but the study results will lead to development of a physical/social distancing toolkit, which will be implemented on the unit floor.

**Will Any of My COVID-19 Test Results Be Available to Johns Hopkins Occupational Health or My Supervisor?**

Not applicable. COVID-19 tests will not be performed.

**Will I Be Paid for My Participation in the Study?**

Yes. A \$10 gift card will be provided to you.

**Where Do I Have to Go for Study Visits?**

You will schedule a time with the study coordinator to conduct a one-time 20-30 minute phone-based interview. No further follow-up will occur.

**Contact Person**

If you have any questions about this study, please feel free to contact the study team directly at:

Alejandra Salinas ([asalina4@jhmi.edu](mailto:asalina4@jhmi.edu)). Please note all unit staff in Nelson 3 will also be notified directly of the study by their unit director and the study team.
